Application No.: PCT/CH2004/000367 Amendment Dated: March 21, 2006

## **AMENDMENTS TO THE SPECIFICATION**

Please replace the paragraph beginning at page 2, line 4, and insert the following rewritten paragraph:

In a particular embodiment mode the preparation contains a weak acid having an acid constant  $10^{-2}$  mole/ltr < mol/ltr >  $K_1 < \ge 10^{-5}$  mol/ltr, preferably being a fruit acid, for instance citric acid.
